**Dear UNISON and GMB Colleagues,**

The Hungarian Democratic Trade Union of Crèche Employees (BDDSZ) and the Hungarian Union of Cultural Institutions and Public Collections Employees (KKDSZ) has been informed about Unison and GMB in the UK as they prepare for strike action by 8000 women who work Glasgow City Council in Scotland.

We are aware that workers in the public sector are undervalued in several countries, especially the women.

We agree with you! Women workers deserve decent and equal pay!

We support you and we are solidarity with you, we hope that your action will be succeed and lead positive outcome.

Yours in solidarity,

Viktória Szűcs  
president of BDDSZ

Csaba Csóti  
president of KKDSZ
